COURSE OVERVIEW

Go Pro with Industry-Focused DJ Training

The Advanced DJ Course is a career-focused, intensive program built for students serious about becoming working DJs. Spanning 40 total sessions that include : 20 in-depth studio sessions and 20 practical sessions, this course dives deep into technical mastery, creative development, and real-world performance.

Students are trained one-on-one by experienced instructors and also gain access to internship opportunities through the MMM Backstage Program, offering real exposure at gigs, events, and venues. From club-level mixing to live branding strategies, this course is built for those ready to take the stage — professionally.

On successful completion, students receive placement support through our partner venues and the MMM Artist Agency, making this one of the most comprehensive DJ training programs in the country.

COURSE STRUCTURE

40 Total Sessions. Pure DJ Mastery.

This course blends technical mastery with hands-on experience and performance strategy:

- **Advanced Mixing Concepts & Techniques**
- **Live Performance Tools & Gear Integration**
- **Multi-Genre Set Construction & Dynamic Flow**
- **Club & Festival Set Preparation**
- **Real-Time Improvisation & Crowd Control**
- **Audio Branding & DJ Identity**
- **Event-Specific Set Customization**
- **Artist Promo, Press Kits & Profile Building**
- **Stage Presence, Mic Work & Visuals**
- **Internship via MMM Backstage – Live Set Support & Assistant Roles**

By the end of the course, students will not only perform confidently in live settings but also understand how to position themselves as professional DJs in a competitive scene. Each Session is about 45 Minutes - 1 Hour long, slots are subject to student and instructor availability.

COURSE DELIVERY & FEE STRUCTURE

Format and Duration

This course is conducted fully offline in a hybrid format combining studio instruction with live practical exposure.

- **Format:** 20 one-on-one studio sessions + 20 practical sessions via internship and guided gig training
- **Duration:** 2 months (flexible scheduling based on student availability)
- **Equipment:** Training on both Classic and latest Pioneer DJ gear, including CDJs, mixers, and performance setups
- **Location:** Sessions held at our flagship DJ training studio + partner venue locations for live sets

Certification, Internship and Final Project

Students complete a final live DJ set, recorded and reviewed for evaluation. They also undergo a minimum 3-gig internship via the MMM Backstage program, assisting and opening at real events. On successful completion:

- **Receive an Advanced DJ Certificate**
- **Portfolio-ready recording of a live mix**
- **Access to guaranteed placement opportunities through the MMM Artist Agency and select partner venues**

Course Fees and Payment Options

We've structured our fees to support serious learners:

- **Course Fee: Contact us for updated rates, combo plans, and scholarship-based options**
- **Payment Modes: UPI, cards, bank transfers**
- **EMI Options: Flexible monthly plans available**
- **Group Discounts: For dual enrollments or existing MMM students upgrading to Advanced level**

CAREER PATHWAYS

Monetising as a DJ

DJing can be both a creative passion and a lucrative career. As a student of the Advanced Course, you'll learn about various ways to monetize your skill—ranging from club gigs and private events to live stream performances and branded collaborations. With the right strategy, DJing can become a consistent income stream. We also share basic tools and tips for setting your rates, managing payments, and growing your presence in the competitive music landscape. MMM aims to help you harness your skills as a DJ in all areas of performance as well as business. Our notable alumni have gone on to have successful careers in being disc jockeys, musicians and even careers in the nightlife and hospitality industry. Networking and collaboration opportunities that organically arise from being an MMM graduate can prove beneficial in all areas of life as a creative individual.

How MMM Helps Build Careers

Mantri Music’s Mantra DJ Academy (MMM) actively supports its students even after the course ends. Through our deep network within Pune’s nightlife and music circuit, we provide recommendations, gig referrals, and mentorship on navigating the early stages of a DJ career. Our alumni have performed at clubs, festivals, and events across India, and many credit our real-world guidance and support as pivotal to their journey. MMM is more than a training ground—it’s a launchpad.

Internship Program

Students will be offered an internship opportunity with MMM Backstage or our affiliate events. This hands-on experience gives aspiring DJs a backstage look into the logistics of live shows, sound checks, artist handling, and set preparation. Internships are a great way to build confidence and connect with working professionals in the music scene. These are offered based on performance and potential, and can act as a springboard into professional DJ life.

Booking Shows

Once you’ve completed the course and honed your set, you may be eligible for gig opportunities through our in-house booking network, MMM Artist Agency. This is selected purely on a merit basis. We help connect emerging DJs with clubs, lounges, festivals, and private events looking for fresh talent. Your final project can serve as a showreel for bookings, and we’ll guide you through the dos and don’ts of handling event promoters, setting up your rider, and marketing yourself professionally.

Admissions Process

Joining the the Advanced DJ Course is the next big step in your DJ journey. You can apply via our online form, call our admissions team, or visit the academy in person. Once we receive your application, we'll schedule a short consultation to understand your goals, assess your skill level, and finalize your learning path. Post-consultation, you'll receive your schedule, internship roadmap, and enrolment instructions. Due to the limited nature of internship slots and artist placement support, we recommend applying early. Admissions are accepted on a rolling basis.
